

TURFACE[®] WARNING TRACK AGGREGATES

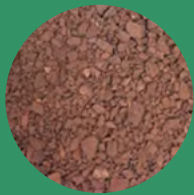

Your Home Field Advantage™

SPECIALLY BLENDED FOR PREMIER SAFETY AND PERFORMANCE

Turf Surface Athletics[®] has long been the industry leader in providing quality materials to make fields safe and playable. Our warning track aggregates build on this tradition of trusted performance, offering coaches and groundskeepers products specially designed for the following:

- » Aesthetically pleasing appearance
- » Superior drainage reduces puddling
- » Compacts well to provide firm surface
- » Stability provides sure footing for athletes

Turf Surface SAF Trac Elite (1/4" - 1/8" sizing, double screened)

Rich color for improved aesthetics. Double screened, durable particles with minimal dust. Firm, stable foundation for reliable, sure footing.

Turf Surface SAF Trac Select (1/4" refined particles)

Refined screening process produces fewer coarse particles. Delivers superior footing, stability and playability. Optimum drainage reduces puddling.

TURFACE SAF TRAC PRODUCTS

A QUALITY SOLUTION FOR SURE FOOTING AND MINIMAL DUST ON WARNING TRACKS

Shipping and Logistics

Turface® SAF Trac Select and SAF Trac Elite products are shipped from our Dora, Alabama location. Turface SAF Trac products are available in bulk truckloads and 2,000-lb bulk sacks (upon request).

FROM WARNING TRACKS TO WALKING PATHS

Turface SAF Trac products provide solutions in areas where standing water and mud are reoccurring problems. Install this beautiful aggregate on any area with high foot traffic where you want a consistent surface, better drainage, compaction resistance and enhanced aesthetics:

- » Aesthetically pleasing
- » Superior percolation
- » Great red color
- » Non tacky surface

TURFACE® SAF COAT
